

Free Seminar – IP-in-Action in Coventry on 21st June 2007

Kane Computing will be exhibiting at the IP-in-Action LIVE seminar at the Royal Court Hotel, Coventry, on the 21st June.

IP-in-Action LIVE is one of a series of events organised by IP Security Events and Media covering the use of Internet Protocol in Security, with the aim of increasing understanding and acceptance of IP Networked Technology across a range of security applications. The theme of the seminar is 'Local Government and Remote Monitoring'.

KCL, in collaboration with Ateame, their French digital video compression partner will be demonstrating standalone and rack based video capture/compression and streaming products using MPEG4/H.264 video compression technology.
