1080p, H.264 HD Encoders and Players

Z3 have recently launched a new range of HD Encoders, Records and Players for broadcast, industrial and video security and surveillance applications.

- [Z3-MVP-01](#) - HD H.264 Network Enabled Media Player
- [Z3-MVE-01](#) - HD H.264 Encoder
- [Z3-MVPR-01](#) - HD H.264 Video Encoder/Player/Recorder

Z3-MVP-01 - HD H.264 Network Enabled Media Player

The Z3-MVP-01 is a high definition, low cost, network-enabled media player. Designed to excel at playback of networked video and audio streams as well as locally stored content, the Z3-MVP-01 is the ideal solution for monitoring networked IP cameras, digital storage, video kiosks and media adaptors.

Z3-MVE-01 - HD H.264 Encoder

The Z3-MVE-01 is a 1080p, H.264 encoder that can stream or store encoded video with very low latency (below 70msecs).

Applications include low cost broadcast encoder, satellite uplink and HD security video server.
